(57) **CLAIM**

The ornamental design for a user interface for computer display, as shown and described.

**DESCRIPTION**

© 1999 Apple Computer, Inc. A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Patent and Trademark Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a user interface for a computer display showing our new design; and, FIG. 2 is a front view of a second embodiment thereof.

The broken line drawings of the computer display and window in all views are for illustrative purposes only and form no part of the claimed design.
